RE: Move from Seven Bark Circle to Redmont Park Lane

Dear Mr. Lang and Mr. Reid:

Recently I engaged the services of your company to pack up and move me from my residence at the time on Seven Bark Circle to my residence at Redmont and then there was a follow-up day of moving the furniture that didn't fit at Redmont into storage.

The purpose of this letter is to tell you that your crew on all three days was simply outstanding. Kaleb Chapin was the lead for the crew all three days and he could not have been nicer, more efficient, or more capable. Likewise, the other members of the crew every day, as I indicated, were courteous and professional.

Please note how well these individuals represented your firm and also understand in the future, if you need to give someone a reference, I would be an excellent candidate because I could not be more pleased with the service I received.

Best personal regards,

  
James Pratt
