Re: Julia Coleman- Pine Ridge, Birmingham Al to New York move

Dear Sirs:

This week I had the pleasure of working with Chris, Adam, Zack, and Eric with the packing and moving of several items for one of my customers. The gentlemen were courteous, professional, and a pleasure to have handling such a move.

It was most impressive how they went about their business in a quiet, quick, but gentle way. You would have thought they were packing their own items with the care they took with each piece they handled.

If all of your packers and movers are like these guys, you will always have thriving business. Thank you for assigning these gentlemen to this job.

With no hesitation, I will strongly recommend your company when asked who to use during a move.

Thank you again and I hope you have a Merry Christmas and a Prosperous New Year.

Sincerely,

Carol C. Hines
Vice President & Trust Officer
