

REAL ESTATE

Mr. McCorquodale,

On Friday, my mom, Charlotte Crawford called your company to move furniture into a storage space. Jason and Ryan came to the house on time, were very organized, courteous and couldn't have done a better job. I really appreciate how well they took care of my mom.

Being in the service industry myself, I know that the way you treat your customers is key to having a successful business. It's not about number of transactions it's about taking care of the client relationship. Please congratulate Jason and Ryan for a job well done.

I have enclosed my business card just in case I can be of service to you. Would love to help you or any friends and family needing real estate assistance.

Thank you again for providing great service.

Very Sincerely,  
Julie Archibald
